**COHIBA**

*Habana, Cuba*

1966 ▪ 2021

The Cohiba 55 Aniversario 2021 Edicion Limitada, which would be special enough in its own right, but the Cohiba 55 Aniversario is an especially monumental vitola. The 55 Aniversario celebrates the landmark 55th anniversary of the foundation of

Cohiba! Hitting such a landmark milestone calls for an extra special celebration, a call which the 55 Aniversario answers in tremendous fashion.

Boasting a hefty 57 ring gauge and measuring just shy of 6” in length, this veritable leviathan of a stick has naturally received the full Edición Limitada treatment, constructed from only the finest tobaccos possible and aged for a minimum of two years, additionally the tobacco selected for this special edition has undergone an additional barrel-aging adjustment. This treatment gives **Cohiba 55 Aniversario Limited Edition 2021** a unique and incomparable aroma and flavor.. Presented in Boîte Nature boxes of 10, these vitola's ( the size is known as Victoria) are sure to be highly sought after by all cigars fans.

Don't miss out on this ultra rare Cigar. One box for one lucky aficionado is all there is.

## Juan López 150 Aniversario Selección Especial LCDH

Delicately dressed in a beautiful, oily cape, this cigar exudes sweet, woody notes of green tea and floral accents. Complimented by intense flavours of sweet spice, cocoa and roasted coffee yet wonderfully balanced by hint of bitterness. An impeccable smoke that sings well with a 15 year old Cuban rum or an 18 year old scotch.

Extremely rare, beautifully presented, a true collectable if you can resist the urge to smoke them.

Unfortunately its one and done with these beauties so dont miss out.

**10" x 100**

Extremely long. Incredibly thick. Very potent. Undeniably flavorful. This 10" long, 100-ring gauge cigar delivers nutty,

leathery, peppery, sweetness in abundance. Its savory Mexican San Andres maduro wrapper sheaths a Nicaraguan binder and filler. Due to its ginormous size, the cigar is stowed in a wooden coffin. Painstakingly handmade at Aganorsa Leaf's cigar factory in Nicaragua, the JFR Lunatic Maduro 100x10 (aka as the JFR Lunatic Maduro The Size That Shall Not Be Named) is one cigar you will want to spend some time with. Plenty of time. So, clear your calendar before you fire up this behemoth. By the way, you're going to need a bigger humidor.

*When Padrón is on the label, quality is a matter of  
Quality and not quantity produced*

Cigarworld Australia are proud to be the exclusive agents of *Padrón C*

The advertisement features a central image of two Padrón cigars standing upright. To the left, there are two circular inset images: the top one shows two men, one younger and one older, smiling and surrounded by tobacco leaves; the bottom one shows several open wooden cigar boxes filled with cigars. The background is a light, neutral color.
